College Credit Plus Informational Meeting

February 4, 2020

Laura Ayres, School Counselor

CCP Overview

- Ohio's dual credit program students earn high school and college credit at the same time

- Students enroll in college courses and adhere to the requirements of the college

- Students in grades 7-12

- Must complete an assessment exam and be determined "college ready" in at least one subject area

- Colleges will review students' scores using statewide standards

- May apply to multiple institutions

What is College Ready?

- CCP is a program designed for high school students who are deemed "college ready". Participating in CCP means they are taking actual college classes. What does this mean?

- Students need to be *responsible*. They are a college student., and their grades impact their college GPA.

- Consider emotional and social transition to college and expectations

- Consider time management & organizational skills

- Students are determined to be college ready through different tests:

- **ACCUPLACER**-- This is the most common one used by FM students

- **ACT** scores can be used as well

- Each college/university has different exam requirements.

- Edison and Sinclair both use the Accuplacer to determine English readiness. Sinclair uses ALEKS to determine readiness in math.

College Credit Plus: Student Eligibility Assessment Testing

Effective Academic Year 2018-2019, a student interested in College Credit Plus must be considered eligible to participate.

- *If a student does not score at the Assessment Threshold Score in at least one subtest, but has scored within the "Score Range to be Considered" (calculated as the standard error of measurement), then the student can be considered **Conditionally Eligible** for the program if he/she also meets one of these criteria:*

Student Eligibility

Credit Transfer

▶ Certain general education and technical courses will transfer, especially from one public college to another public college.

▶ Students must check with colleges to confirm transferability

▶ https://transfercredit.ohio.gov/ is a great resource to check for transfer information between public colleges

▶ Work directly with colleges/universities to ensure that what you take will transfer the way you are planning.

Guidelines

Students get a total of 30 semester hours each year

▶ Regular high school classes must be counted in this total

▶ *30 - (high school credits x 3) = maximum CCP hours*

▶ Summer classes count as part of the following school year's 30 hours

  ▶ Summer of 2020 counts for the 2020-2021 school year, and may not be used to determine eligibility for sports.

▶ If a student enrolls in more than 30 hours they may either drop the course before the deadline or opt for self pay.

  ▶ Self pay is handled directly by the university

Program maximum of 120 hours per student

Transferring courses:

▶ Work directly with the colleges to ensure that what you take will transfer the way you are intending.

Cost

The cost of tuition, fees, and textbooks is paid by Franklin Monroe

- If a student enrolls in more than 30 credit hours and opts for the self-pay option for the course, the student/family will assume the cost of the course credits, fees, and books at the college's standard rate. The college will bill the family directly.

If a student fails or drops a course past the deadline, the student and/or parent must pay *all* costs back to FM.

- This must be paid before graduation in order for the student to receive their diploma

- If you move/change schools in the middle of the school year and cannot continue your in progress CCP courses you will receive a W on your transcript and be responsible for all costs associated with the class(es)

Courses must be college-level or non-remedial

Courses must be nonreligious

Grades

- Any grades earned in CCP courses will be on the student's high school and college transcripts

- Grades will be factored into the high school and college GPA

- The grades students earn are on their college transcripts forever.

- CCP courses will follow the same weighted scale that we use at FM.

- If a student fails or withdraws frequently, future financial aid may be impacted negatively.

CCP Probation

- A student is placed on CCP Probation if they are labeled an "*underfperforming student*" as defined by the Ohio Administrative Code 3333-1-65.13 when a student meets at least 1 of these conditions:
  - Has a cumulative GPA of lower than a 2.0 in the college courses taken through the CCP program
  - Withdraws from, or receives no credit for, 2 or more courses in the same term. (withdrawing from a course occurs when the student dis-enrolls from a course after the drop deadline and the secondary school is financially responsible for the tuition associated with the course.)

CCP Probation Rules

Once a student has been placed on CCP probation, the following actions are put in place:

▶ A student on CCP probation may enroll in no more than 1 college course and the student will not enroll in a college course in the same subject in which the student earned a grade of D or F or for which the student received no credit.

▶ If the student had already registered for more than one course prior to being placed on CCP probation, the student must request each college or university to dis-enroll from the courses as necessary.

▶ The student, as noted above may continue to be enrolled in one course. The student must notify that college in which course the student would like to remain enrolled.

▶ If the student fails to dis-enroll, the high school will promptly notify the student and the student's parents that the student will be responsible for paying all tuition, fees, and textbook costs. **The student is also then considered an ineligible student and is dismissed from the CCP program in the next term**.

▶ If the student on CCP Probation takes one course and the grade raises the student's cumulative college GPA to a 2.0 or higher, the student is removed from CCP probation and may participate in the program without restrictions.

▶ If the grade does not raise the cumulative college GPA to a 2.0 or higher, the high school is responsible for dismissing the student from the program.

Athletic Eligibility

- We follow the Ohio High School Athletic Association (OHSAA) guidelines for athletic eligibility.
  - If you or your student is concerned about this, make sure they work with the school counselor to ensure they remain eligible.
  - If a student athlete takes CCP courses that are not offered in our building (on campus or online) they must fill out the CCP Student Grade Report Sheet at the end of the 1st quarter and the 3rd quarter to prove academic eligibility
- Summer courses *may not* be used to bring a student into compliance with OHSAA requirements
